

Let dishes air dry. Don't have an automatic air-dry switch? Turn off the control knob after the final rinse and prop the door open so the dishes will air dry.

Use a ceiling fan to supplement your air conditioning.

Make sure your home is well insulated and air-tight.

USING OUR ENERGY SAVING TIPS IS

As Easy As Pie

Compact fluorescent lights use 25% of the energy of traditional incandescent lightbulbs and last up to ten times longer.

Check your central air conditioning/heating system's filters once a month and clean or replace them when needed.
