

**RFB for Materials for GCP-89 Northwestern Loop, US-264 Pipeline  
RFB #15-38**

Questions received via email on 7/22/15

Lines 1 and 2: Want to make sure you want X-52 Seamless or do you want X-52 ERW (which is more common so figured I'd ask).

**ERW**

Line 12: Do you have any specs on this?

Line 13: Size range?

**These are for 6-inch steel Cameron Ball valves buried approximately 4 ' deep.**

Line 17: I assume this is bare pipe. If so same situation as previous station bids, pipe will be bare and rusty. Would you want seamless like we've provided previously?

**Bare ERW is acceptable.**

Line 20: Same question as above for line 17

**Bare ERW is acceptable.**

Line 21: Raised Face or Flat Face?

**All 300# flanges are RF WN.**

Line 22: Raised Face or Flat Face? Standard bore (.280)?

**All 300# flanges are RF WN. All pipe, flanges and fittings are standard bore, and the 6-inch is 0.28" standard bore.**

Line 26: Do you have any specs on this?

**Carsonite PVC line markers with the GUC phone number, etc. on them.**

**1) Line 1 – The word WARNING, CAUTION or DANGER**

**2) Line 2 – The words "Gas Pipeline"**

**3) Line 3 – Greenville Utilities Commission**

**4) (252) 752-7166**

Line 33: Full Port or Reduced Port?

**Full**

Questions received via email on 7/27/15

Line 11: Do you want square operating nut or gear operator?

**Square operating nut**

Multiple Items: Domestic or Import?

**Greenville Utilities Commission does not have a "domestic production" requirement for this project.**

**RFB for Materials for GCP-89 Northwestern Loop, NC-43 and ORR Regulator Stations**  
**General Questions**

Questions received via email on 7/28/15

- 1) Do you require domestic products only or will you accept import?  
**Greenville Utilities Commission does not have a "domestic production" requirement for this project.**
- 2) On specs for ORR Reg Station & NC-43, you have you will accept ERW X52 pipe but on US-264 you specify seamless, will you accept ERW X52 on US-264?  
**Bare ERW is acceptable.**
- 3) Is the 1" 2000# ball valve carbon steel?  
**Yes**
- 4) Are specified ball valves such as Cameron T-31 AN or equal?  
**Cameron Ball valves**
- 5) What is length of pipeline markers?  
**66"**
- 6) Is warning tape detectable?  
**Warning tape does not have to be traceable.**

Questions via email on 7/30/15

- 1) Is there any origin restriction on the pipe?  
**Greenville Utilities Commission does not have a "domestic production" requirement for this project.**
- 2) Is this an all or none bid? Must we bid all of the items in order to be a responsive bidder?  
**Refer to the Method of Award on each RFB. The award will be on the total items listed in each Request for Bid.**
